Hi David,

Were any of those dates a possibility for you? Sorry to bug you, but I want to try to lock in a time before those calendar openings get filled up!

Best,

Susan

Hi David,

Here are some times that we are available: please let me know if any of these work for you and your team so we can lock it in. We can send you a Microsoft Teams virtual meeting invitation/link if that would be helpful. Thank you!

Thursday August 12  
2-3 PM  
Tuesday August 16  
10-11 AM  
1-2 PM  
Wednesday August 18  
8-9 AM  
1-2 PM  
2-3 PM

Best,

Susan

Hi Susan, I would be happy to set up an introductory meeting with me and my staff. This week is a little tight, but sometime on Friday or next week would be available. Let me know if there are particular days/times that would work for your team.

Thanks, David

**Subject:** Aera Energy Proposed CCUS Project In Kern County, CA

Hi David,

I left a brief voice mail for you just now, but thought I'd follow up with a somewhat more coherent message!

Aera Energy is currently in the planning stages of a Carbon Capture and Sequestration Project in Kern County, CA. We are pulling together all of our (many!) permitting requirements and guidance documents, including those for the UIC Class VI permit. We have not yet determined which Underground Injection Well class (Class II or Class VI) will best fit our project, so it would be very helpful to speak with you and your staff to better understand the requirements and timelines for Class VI well permits, and also the MRV Plan requirements for the IRS 45Q tax incentive. We can provide a brief overview of our project, if that would be helpful. Thank you!

Best,

Susan
